

AK-4 Backpack Blower Adapter Kit Instructions

Thank you for purchasing a TrimmerTrap product. This kit is required to store certain backpack blowers on the TrimmerTrap BR-1 and DB-1 backpack blower racks.

The following list is correct to the best of our knowledge; however manufacturers sometimes modify their blowers. Also they add new blowers to their product line. Due to these changes, some blowers not listed may or may not require an adapter kit.

The AK-4 is required for the following blowers for the BR-1 and DB-1:

- Kawasaki KRB 650B, KRB 750A and KRB 750B
- Echo 403, 413, 460, 461, 610, 620, 650, 651, 750, and 751
